The Committee, by resolution approved by a majority of the Committee, may form and delegate any of its responsibilities to a subcommittee so long as such subcommittee is solely comprised of one or more members of the Committee and such delegation is not otherwise inconsistent with law and applicable rules and regulations of the SEC and Nasdaq.

KEY RESPONSIBILITIES

The following responsibilities are set forth as a guide for fulfilling the Committee's purposes in such manner as the Committee determines is appropriate.

A. Oversight of the Independent Auditor

- 1. Independent Auditor Retention.** The Committee is solely and directly responsible for the appointment, evaluation, compensation, retention and, if appropriate, replacement of the independent auditor. The Committee may, in its discretion, seek stockholder ratification of the public accounting firm selected to be the Company's independent auditor.
- 2. Independence.** The Committee shall assess at least annually the independent auditor's independence. In connection with this assessment, the Committee shall review, discuss and ensure the receipt of and review formal written statements from the independent auditor delineating all relationships between the auditor and the Company, consistent with applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") regarding the independent auditor's communications with the Committee concerning independence. The Committee shall engage in an active dialogue with the independent auditor concerning any disclosed relationships or services that may impact the objectivity and independence of the auditor and take, or recommend that the Board take, appropriate action to oversee and ensure the independence of the auditor.
- 3. Quality and Performance.** The Committee shall evaluate at least annually the qualifications and performance of the independent auditor, including the lead partner. The evaluation will include obtaining a written report from the independent auditor describing the firm's internal quality control procedures; any material issues raised by the most recent internal quality control review, PCAOB inspection, or other PCAOB review of the firm, by a peer review of the firm or by any inquiry or investigation by governmental or professional authorities within the past five years, concerning an independent audit or audits carried out by the firm, and any steps taken to address any such issues.
- 4. General Oversight.** The independent auditor reports directly to the Committee. The Committee is responsible for oversight of the work of the independent auditor, including resolution of disagreements between management and the independent auditor regarding financial reporting. In connection with its oversight responsibility, the Committee shall consider the independent auditor's communications regarding, among other things, critical accounting policies and practices, all alternative accounting treatments within U.S. generally accepted accounting principles ("GAAP") related to items material to the financial statements that have been discussed with management, including the ramifications of the alternative treatments and the treatment preferred by the independent auditor, and matters required to be communicated to the Committee pursuant to PCAOB standards, and all material written communications between the independent auditor and management, and shall review the effect or potential effect of any regulatory regime, accounting initiatives or off-balance sheet structures on the Company's financial statements.
- 5. Audit Oversight.** The Committee shall establish with the independent auditor an understanding of the terms of the audit engagement, the role of the auditor with respect to the Company's financial statements and coordination of audit efforts to ensure completeness of

coverage, reduction of redundant efforts, the effective use of audit resources, and the use of accounting firms other than the appointed auditors of the Company. The Committee shall review the scope of the annual audit or interim review (including the level of involvement with unaudited quarterly or other interim-period information), and discuss the results, including, without limitation, the independent auditor's report and all matters required to be communicated to the Committee by the independent auditor in accordance with applicable auditing standards.

The Committee shall discuss with the independent auditor, before the issuance of the audit report, the overall audit strategy, including the timing of the audit, significant risks the auditor identified and significant changes to the planned audit strategy or identified risks. The Committee shall review with the independent auditor any audit problems or difficulties encountered during the course of the audit work and management's response, including any restrictions on the scope of the independent auditor's activities or access to required records, data and information, any difficult or contentious matters for which the auditor consulted outside the engagement team (for example, the audit firm's national office), any critical audit matters (CAMs) and related CAM disclosure arising from the current period audit, any significant disagreements with management, and any other matters arising from the audit that are significant to the oversight of the Company's financial reporting process.

6. **Auditor Rotation.** The Committee may consider from time to time whether, in addition to assuring the regular rotation of the lead audit partner, as required by law, in the interest of continuing independence of an independent auditor, the Company should rotate the firm appointed as the Company's independent auditor.
7. **Pre-Approval of Auditor Services.** The Committee is exclusively authorized and directed to consider and, in its discretion, approve in advance any services (including the fees and material terms thereof) proposed to be carried out for the Company by the independent auditor or by any other firm proposed to be engaged by the Company as its independent auditor. In connection with approval of any permissible tax services and non-audit services, the Committee shall discuss with the independent auditor the potential effects of such services on the independence of the auditor.

B. Financial Statements and Other Financial Disclosures

8. **Quality and Integrity of Financial Statements.** The Committee shall review and discuss with management and the independent auditor: the critical accounting policies and practices used by the Company, and any significant changes in the selection or application of the Company's accounting and auditing principles and practices as suggested by the Company's independent auditor, or management; the accounting treatment to be applied in respect of significant new transactions or other significant events not in the ordinary course of the Company's business; other policies and procedures adopted by the Company to fulfill its responsibilities regarding the presentation of financial statements in accordance with GAAP and applicable rules and regulations of the SEC, including the proper explanation and reconciliation of any non-GAAP measures presented; any issues that arise with respect to the quality or integrity of the Company's financial statements; and such other matters for which discussion shall be required by applicable auditing and related PCAOB standards.

9. **Annual and Quarterly Financial Statements.** The Committee shall review and discuss with management and the independent auditor the audited and unaudited financial statements and related notes and the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” proposed to be included in the Company’s Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as applicable. The Committee shall also make a recommendation to the Board as to whether the Company’s audited financial statements should be included in the Company’s Annual Report on Form 10-K.
10. **Audit Committee Report.** The Committee shall submit an annual audit committee report for inclusion where necessary in the proxy statement relating to the annual meeting of stockholders and/or annual report of the Company.
11. **Earnings Releases and Other Financial Information.** The Committee shall discuss with management and the independent auditor and review the Company’s earnings releases, including the financial information, use of any “pro forma” or “adjusted” non-GAAP information, and earnings guidance (if any) to be disclosed in such releases. The Committee shall also discuss with management other significant financial information to be provided to analysts or rating agencies.

C. Controls and Procedures

12. **Oversight.** The Committee shall provide oversight of management’s design and maintenance of the Company’s internal control over financial reporting and disclosure controls and procedures. Prior to the filing of the Company’s Annual Report on Form 10-K, the Committee shall review with the independent auditor and management: the Company’s annual assessment and report and the independent auditor’s report on the effectiveness of the Company’s internal control over financial reporting, in each case, as and when required by applicable law; any “material weakness” or “significant deficiency” in the design or operation of internal control over financial reporting, any steps taken to resolve any such control deficiencies and the adequacy of disclosures about changes in internal control over financial reporting; and any related significant findings and recommendations of the independent auditor, together with management’s responses (including, in the case of the independent auditor, any concerns regarding matters within the scope of, and compliance with, Section 10A of the Exchange Act). For the avoidance of doubt, for so long as the Company remains an emerging growth company under applicable SEC rules, among other things, the Company will not be required to provide an auditor attestation of internal controls.
13. **Certifications.** Prior to the filing of the Company’s Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, the Committee shall review and discuss with management and the independent auditor the certifications and any related disclosures made by the Company’s Chief Executive Officer and Principal Financial Officer in the Company’s periodic reports about the results of their evaluation of the effectiveness of disclosure controls and procedures and any significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting, and any fraud involving management or other employees who have a significant role in the Company’s internal control over financial reporting.
14. **Hiring Policies.** The Committee shall maintain clear policies regarding the hiring of employees and former employees of the Company’s independent auditor.

D. Risk Management, Compliance and Ethics

15. **Risk Management.** The Committee shall review and discuss with management and the independent auditor any significant risks or exposures, including cybersecurity risk, including healthcare industry specific privacy standards such as the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”),” and the Company’s policies and processes with respect to risk assessment and risk management, and shall assess the steps management has taken to monitor and control such risks, except with respect to those risks for which oversight has been assigned to other committees of the Board or retained by the Board. The Committee shall review the Company’s annual disclosures concerning the role of the Board in the risk oversight of the Company.
16. **Legal and Regulatory Compliance.** The Committee shall review periodically: (a) legal, regulatory and compliance matters; including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding the Company’s financial statements or accounting policies and any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities. (b) the Company’s Code of Business Conduct and Ethics (the “Code”) and make recommendations to the Board for such changes to the Code as the Committee may deem necessary or appropriate from time to time; and (c) review and discuss requests for waivers of the Code involving directors and executive officers and make recommendations to the Board as to whether it should approve any such request.
17. **Procedures for Complaints.** The Committee shall establish “whistleblowing” procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (b) the confidential, anonymous submission by the Company’s employees of concerns regarding questionable accounting or auditing matters. The Committee shall review any such significant complaints or concerns.
18. **Related Person Transactions.** The Committee shall review and, if appropriate, approve or ratify any related person transactions and other significant conflicts of interest, in each case in accordance with the Company’s Related Person Transaction Policy.

E. Self-Evaluation, Reporting and Other

19. **Self-Evaluation; Charter Review.** The Committee shall periodically conduct a self-evaluation of the performance of the Committee, including its effectiveness and compliance with this charter. The Committee shall recommend to the Board such amendments of this charter as the Committee deems appropriate.
20. **Reporting.** The Committee shall report regularly to the Board on Committee findings and recommendations and any other matters the Committee deems appropriate or the Board requests, and maintain minutes or other records of Committee meetings and activities.
21. **Other.** The Committee shall undertake such other responsibilities or tasks as the Board may delegate or assign to the Committee from time to time.
